VISION NEW INDIA: STRATEGIES AND PROSPECTS

16th & 17th October, 2019

Organised by

Faculty of Commerce

Shri Jai Narain Misra PG College, Lucknow

Accredited Grade "A" by NAAC

Venue:

Arts Faculty Ground

Shri Jai Narain Misra PG College, Lucknow

About the College

Founded in 1917, as a modest Anglo-Sanskrit School, this premier institution of U.P. marched from strength to strength ever since. It was upgraded to a middle school in 1918, High school in 1920. Intermediate college in 1923, a Degree college in 1946, a full-fledged Degree college (Arts, Science, Commerce & law faculties) in 1954. Today it is the biggest Associated college of Lucknow University catering to the needs of approx. 10,000 students at graduate and post-graduate levels with faculties namely Arts, Science, Commerce, Law, B.Ed, BBA(IB), B.Com (Hons.), B. P. Ed, M.A.(Hindi), M.A.(Sociology), M.A.(Economics), M.A.(English), M.Com(Pure & Applied Eco.), M.Sc. (Chemistry), M.Sc.(Physics) and M.Sc.(Botany) with a staff of about 400.

Late Raisahib Pt. Jai Narain Misra (Kakaji) was its Secretary Manager right from its inception. Later he was unanimously elected its president. In fact, he was the principal architect, the father figure of this institution. A noted philanthropist, "Kakaji" was the patron-saint of numerous trusts and societies, dedicated to the cause of education in Lucknow and elsewhere and it was his perseverance, confidence and matchless devotion which shaped the college into what it is today, a premier institution not only of UP but of India as well. Besides providing quality education to its students, the college has also earned its reputation in the field of sports, culture and social service.

About the seminar

India is a land of 1.3 billion people comprising of varied colours, languages, caste and religion even then India is one nation. Today, India is the fastest growing economy of the world after China. Since 2014, emphasis has been given to the government programmes viz a viz digitalization, skilled manpower, self-employment generation, Clean India-Green India schemes, inclusive growth, tax system, etc for making India more vibrant, advanced and self-sufficient. The digital India programme has promoted transparent functioning. Swachh Bharat Abhiyan is making the country clean and attractive. The Skill India programme launched by Government of India is providing fair chances of employment to the Indian Youths. The focus of these programmes is to improve the image of the country at global forums as well as to raise the living standards of the people.

The Prime Minister has focused on putting in place a

'development state' in place of the 'soft state' that this government had inherited.' In this context, the Government has focussed on the efficient delivery of public services, formalizing the economy and expanding tax base, fostering the ease of doing business, improvements in health care, social security, skill India, women empowerment and sustainability. With efficient, transparent and accountable governance India will soon achieve its ambitious goal of New India. Our Honourable Prime Minister, Modi Ji, has a very clear and wide vision for making India a strong, secure, prosperous and a happy nation. The vision is to take India to greater heights imbued with all the qualities of an advanced and prosperous nation.

The objective of the seminar is to invite discussion on the efforts of the government and the stakeholders that will pave the way for economic transformation for New India. In addition, it attempts to present a set of ideas that can provide insight into the realities and challenges ahead for achieving the goals for New India. The key highlights of the seminar would include focus on drivers of economic performance and transition to explore and discuss research ideas providing strong impetus to economic growth and governance. An extensive consultation and inputs from experts and academicians over the various themes of the seminar will result into some concrete solution to transform into New India. The strategy for New India reflects transition wherein the government together with stakeholders can work towards inclusive and sustained growth ensuring freedom from illiteracy, corruption, poverty, malnutrition and poor connectivity for the common man.
